⁴ May vary depending on the requirement of the Mission; normally, weight assigned to Technical is .80 and .20 for the Financial.

Section IV. Terms of Reference

Terms of Reference: Mapping of Existing Rating Mechanisms of Recruitment Agencies in the Colombo Process Member States

The International Organization for Migration (IOM) Sri Lanka is seeking proposals from a qualified a Consultant or a team of Consultants for conducting a mapping study on “Existing Rating Mechanisms of Recruitment Agencies in the Colombo Process Member States (CPMS)”.

1. Background

IOM Sri Lanka is implementing a four-year regional project, entitled “Strengthening Labour Migration Governance through Regional Cooperation in Colombo Process countries”, with funding support from the Swiss Agency for Development and Cooperation (SDC). Through thematic-focused activities, the regional project supports the Colombo Process (CP)⁵ in making progress on its current five thematic priorities, one of which is “Fostering Ethical Recruitment”.

In order to comprehensively address issues that are essential to the protection of migrant workers, including promoting ethical recruitment, curbing labour exploitation and monitoring the performance of private recruitment agencies the Colombo Process Thematic Area Working Group (TAWG) on Fostering Ethical Recruitment was activated in May 2016 with Bangladesh as the TAWG Chair. The TAWG members include five other Member States which are; Nepal, the Philippines, Sri Lanka, Thailand and Viet Nam.

Based on the discussions and recommendations made during the three Colombo Process regional symposiums on Ethical Recruitment respectively in August 2016, May 2017 and March 2018, IOM compiled a synthesis report with concrete action points to support the CP’s efforts to promote regulatory harmonization of recruitment intermediaries within CPMS as well as through enhanced cooperation with key countries of destination (CoDs). At the third symposium, one of the priority action points agreed by the Member States was to map the rating mechanisms of recruitment agencies of CPMS with a view to enhancing the systems in line with ILO’s General Principles and Operational Guidelines for Fair Recruitment and linking to the IOM’s International Recruitment Integrity System (IRIS). This study contributes to the IOM 2015 study which discussed the possibility for establishing a regional

⁵ *The Colombo Process is a Regional Consultative Process on the management of overseas employment and contractual labour for countries of origin in Asia. The process is currently chaired by Nepal and has eleven other Member States encompassing: Afghanistan, Bangladesh, Cambodia, China, India, Indonesia, Pakistan, Philippines, Sri Lanka, Thailand and Viet Nam (<https://www.colomboprocess.org/>).*

monitoring and enforcement body to address exploitative and abusive practices by recruiters as one of the key recommendations. It was agreed that sharing of good practices and a mapping of existing mechanisms or gaps of private recruitment agencies would strengthen CPMSs' consideration in policy and regulatory development nationally.

IOM Sri Lanka, through the CP Technical Support Unit (CP TSU), will oversee and support the implementation of this mapping study within the framework of the aforementioned regional project.

2. Purpose of the Consultancy

The primary purpose of this consultancy is to **conduct a mapping study** to collate information on the current rating mechanisms of private recruitment agencies⁶ in CPMS so as to identify good practices, challenges, lessons learned for the sharing among CPMS. This mapping exercise will also take into account rating mechanisms in key COD of CPMS through secondary research. The mapping shall also cover the identification of key criteria for rating, such as the efficacy of a private recruitment agency in performing job matching, recruitment functions, compliance with regulatory and legislative frameworks, number of complaints received about the recruitment agency, and incorporate reflection of workers' feedback where possible.

The study will be primarily desk research, supplemented by primary data to be collected from the 12 CPMS through a questionnaire, email/ phone correspondence. Field missions are limited to only up to five CPMS. The five CPMS will be selected by the CP TSU with approval from the TAWG Chair on Fostering Ethical Recruitment and with consent from the CP Member States taking into account the accessibility to relevant information and geographical balance. There will be no field missions to CODs nor primary data collection in relation to CODs.

3. Scope of the Consultancy Work

The consultant of this assignment shall undertake the following activities:

- Develop a **work plan including the methodology and timeline** for the mapping study;
- Carry out **desk research** to collect information through primary and secondary sources, such as publicly available information from the CPMS and existing relevant research and studies;

⁶ For the purpose of this study PRAs are defined according to Private Employment Agencies Convention, 1997 (No. 181) (C181). Namely as any natural or legal person, independent of the public authorities, which provides one or more of the following labour market services: (a) Services for matching offers of and applications for employment, without the private employment agency becoming a party to the employment relationships which may arise there from; (b) services consisting of employing workers with a view to making them available to a third party, who may be a natural or legal person (referred to below as a "user enterprise") which assigns their tasks and supervises the execution of these tasks; (c) other services relating to job seeking, determined by the competent authority after consulting the most representative employers and workers organizations, such as the provision of information, that do not set out to match specific offers of and applications for employment.

- Carry out **primary research** through survey questionnaires and online/ phone interviews with CPMS officials and field missions to the selected CPMS;
- **First draft** of the mapping report; and,
