

Migration Health Assessments for Canada-Bound Migrants

All applicants are required to undergo a migration health assessment as part of their visa application process for Canada. In this document, you will find important information related to your upcoming migration health assessment at IOM's Migration Health Assessment Centre (MHAC) in COLOMBO, SRI LANKA.

You will also be able to download this document at the end of the appointment-making process.

IOM SRI LANKA MHAC Contact Information

Phone Number : +94 11 2031 700

Opening Hours: 08:00AM – 16:30PM MON-FRI

Email address: slecanhap@iom.int

What Should I Expect at my Appointment?

The scope of the migration health assessment varies depending on factors such as your visa category, age, gender and current health status. The list below shows some of the procedures that you or your family (if they are applying to migrate with you to Canada) might receive:

- Registration.
- Counselling to explain the health assessment process (at the end of the counselling you will sign an informed consent form).
- *Medical examination*, which may include the following:
 - A review of your medical history and current symptoms.
 - Taking your measurements and vital signs.
 - A detailed physical examination to assess your physical and mental status.
 - A chest X-ray.
 - Urine analysis.
 - HIV test.
 - Serum creatinine (test for kidney function).
 - Syphilis test.

Breakdown of Migration Health Assessment Procedures, by Age of Applicant:

Below the Age of 11 Years	Between 11 and 14 Years	15 years and Above
- Medical examination	- Medical examination - Urine analysis - Chest X-ray	- Medical examination - Urine analysis - Chest X-ray - Blood tests

All basic requirements are done on the same day, during the same appointment.

Will I need additional tests or procedures?

Additional tests, treatment or immunizations may be in order to complete the health assessment and/or to comply with the requirements of the immigration authorities, based on health conditions identified during your examination. In such an event, you will be provided with additional counselling and more information during your appointment.

Important Notes

Minors:

Applicants under the age of 16 must be accompanied by a **parent or guardian** who can provide consent and make decisions on their behalf.

Pregnancy:

If you are pregnant and undergoing a migration health assessment, you may choose to either get the chest X-ray with a double leaded shielding to protect you and your unborn baby **or** wait to proceed with the migration health assessment until after giving birth. If you choose to proceed with the chest X-ray, you will be requested to sign an additional consent form.

Tuberculosis (TB):

TB is a contagious bacterial infection that is spread from person to person through tiny droplets in the air. TB can be either:

- (1) **Latent TB:** when you have the bacteria in your body, but you don't have any clinical manifestations. In order to diagnose latent TB, active TB should be ruled out.
- (2) **Active TB:** when you have the bacteria and have clinical, radiological or laboratory manifestations.

You might be asked to undergo further testing if the doctor suspects you have TB. In such an event, you will be provided with additional counselling and more information during your appointment.

Good news! **TB is treatable** and most people can be cured at home with a few months of oral antibiotics.

What Do I Need to Bring to My Appointment?

Identification:

- ▶ **Passport** (valid original)
- ▶ A copy of your passport with visa submission confirmation (if your passport is already submitted for visa)
- ▶ Photo ID of the accompanying parent/guardian, if applicant is a minor
- ▶ Children under 18 years old will need to bring their original birth certificate and Vaccination Card/Clinic Book
- ▶ **Medical Report Form** (IMM 1017) with client identifiers (**IME or UCI number**), except for those presenting for an Upfront Medical Exam (UFM). Following completion of the health assessment, UFM applicants will be issued a document generated from eMedical as proof of compliance with the medical requirements.

Medical Records:

- ▶ Any medical reports on past or current medical conditions.
- ▶ Child Health and Development Record for children, if available.

Other:

- ▶ Eyeglasses or lenses, if you wear them.
- ▶ There is no need to bring photographs, since they will be taken at the MHAC.

Advice for the Migration Health Assessment

- ▶ For your physical examination, you will be asked to remove your clothes and will be provided with a medical gown, but please keep your underwear on (see image at right).
- ▶ You may request a chaperone to be present at your physical examination.
- ▶ Please do not conceal any medical conditions; deliberate attempts to hide them will be reported to the Canadian immigration authorities.
- ▶ Please do not conceal your pregnancy; being pregnant will have no impact on your immigration prospects.
- ▶ Please postpone or re-schedule your appointment if you or your child are ill with a fever or have a rash.
- ▶ There is no need to fast prior to your appointment.
- ▶ Please note that, due to security and space limitations, only the applicant is allowed inside the premises.
- ▶ Onsite parking is not available at the MHAC; please arrange to be dropped off or use taxi or bus services.
- ▶ Please arrive at the IOM Migration Health Assessment Center 15 minutes before your scheduled appointment time.

Migration Health Assessment Fees and Payment Information

Fees, by Age of Applicant:

Below the age of 11 years	Between 11 and 14 years	15 years and above
USD 50	USD 70	USD 90

Additional fees will apply if other investigations are requested.

How to Pay for the Migration Health Assessment:

- Payments should be made at the IOM MHAC on the day of the appointment in Sri Lankan Rupees (LKR). Please consult the applicable IOM exchange rate shown in the banner at the top of the page; it can also be found in the “My Appointment” section of the site.
- Both cash / card payments are accepted.
